**ADMINISTRATION OF MEDICINE** 

#### ADMINISTRATION OF MEDICINE

- 1. Parents or legal guardians must fill out an official registration form stating any medical problems which can affect the child in a classroom situation or at physical education.
- 2. Medication shall be administered at school only when absolutely necessary. The school nurse should be notified of all medicines to be brought on campus by students or parents for students.
- 3. Students shall not bring medicine from home to be administered for minor illness. For example: A student with an illness such as a cold, severe enough to require medication, should remain at home. This protects all on campus.
- 4. There will be cases where a student will need to receive medication for either a short or possibly extended period of time. In many of these situations, the medication can be given at home before school hours and when the child arrives at home in the afternoon. When no alternative is possible and the student needs medication during school hours, the school may cooperate with parents for the administration of medicine. Contact the school nurse.

#### REQUIREMENTS TO RECEIVE MEDICATION AT SCHOOL

- A written statement from the licensed physician, prescribing the medication, requesting that the student be medicated during school hours.
- A letter from the parent or legal guardian requesting that the medication be given at school and giving
  permission for the school nurse or other officials/person(s) to administer the medicine. Call the principal
  or the school nurse.
- The medication must be in a pharmacy container and be properly labeled with the name of the medicine, the dosage, the pharmacist, the prescribing doctor, and the child to whom the medicine belongs.

PARENTS ARE NOT TO SEND MEDICINE TO SCHOOL WITH A CHILD. PARENTS ARE TO BRING THE MEDICINE TO THE SCHOOL NURSE OR THE OFFICE.
