2.31 BOARD AND SUPERINTENDENT RELATIONS

The operation of a public-school system is a complex undertaking. Important to success is the quality of relationship that exists between the Board and the Superintendent and his/her staff. In some cases, the duties and prerogatives of each can be clearly defined; while in others, functions necessarily overlap. Often complicated questions which cannot be anticipated will arise; faith, understanding, and patience are essential to teamwork. Advance knowledge that certain codes of conduct and principles will be observed by the Superintendent and board members promotes confidence, trust, and provides for understanding and cooperation.

The Crenshaw County Board of Education considers the formulation and adoption of policies as its most important function. The execution and implementation of adopted policies shall be the function of the Superintendent.

The Board shall hold the Superintendent responsible for carrying out its policies within established guidelines and for keeping the Board informed about school operations. In an effort to keep the Board informed, the Superintendent shall promptly notify Board members of any happenings of an emergency nature that occur in the schools.

3.24.1 CARE OF STUDENTS BEFORE AND AFTER SCHOOL

Parents' Responsibilities: Parents/guardians are expected to take responsibility for seeing that their child arrives before the beginning of school and is picked up after the end of school within the time frames noted above. If for any reason parents are not able to comply with the times noted, a conference should be scheduled with the principal to discuss the matter.

Students Not Picked Up Promptly After School: Due to the necessity of having to supervise students closely and the fact that teachers and other school personnel have many responsibilities after the regular school day, parents/guardians must assume the responsibility for picking up their child(ren) promptly after the school day ends. In situations where parents do not abide by the school dismissal schedule and fail to pick up their child(ren) within the specified time frame, the school principal and appropriate personnel shall develop and publish incremental procedures to elicit parent cooperation and compliance, up to and including the instigation of neglect charges against the parent/guardian and notification of law enforcement and/or the Department of Human Services.

Before and After-School Supervision Plan: Each school principal shall develop a plan for supervising students who arrive prior to the time set for the opening of school and for students who remain after the time set for the closing of school. Such plan should incorporate the following minimal requirements:

- The plan should be written.
- The plan should direct students arriving early to report immediately to a designated room/location/site, etc. The room/location/site should be properly supervised by an appropriate number of staff members.
- The plan should direct students remaining on the school premises after school closes for any extended length of time to report to a designated room/location/site, etc.
- The room/location/site should be supervised by an appropriate number of staff members.

Notification: School principals are hereby directed to give notice to the parents/guardians of all students in their respective school of the content and intent of this policy. The notification shall be given in written form (newsletters, student handbooks, newspaper articles, etc.) at the beginning of each school year. Further, the Board directs that the content and intent of this policy be made a part of the Crenshaw County School System's newspaper advertisement at the beginning of each school year.

Care of Students after School-Sponsored Events: The schools of the Crenshaw County School System offer a variety of after-school, extra-curricular activities, which contribute greatly to the total educational experiences of students. Students' involvement in such activities contributes to their physical, mental, social, and emotional growth and development. Events, such as plays, athletic contests, debates, scholars bowl, beauty contests, band presentations, choral groups, etc. are vital components of each school's curriculum. The Board supports and encourages such after-school learning opportunities for students of the School System. However, the Board is also cognizant that such activities necessitate additional work and time on the part of teachers, school administrators, and others to develop and conduct such meaningful extra-curricular events. While the Board encourages parents/guardians to contribute to such school-sponsored events, the Board further encourages parents/guardians to do their part in assisting school personnel by assuming responsibility for their child(ren) promptly after participating in or attending such activities.

Limits of Care: School System's Responsibility: The Board expects that school administrators will assign sponsor and personnel to supervise and monitor before, during, and for up to thirty (30) minutes after all extra-curricular events sponsored by the schools of the School System in order to ensure the safety and well-being of students who must remain on school premises until picked up by their parents/guardians. Further, the Board expects that school administrators will announce to parents/guardians that they are expected to pick up their child(ren) promptly after such events in order to permit school personnel to return to their homes at reasonable hours.

Students Not Picked Up Promptly After School-Sponsored Events: In situations where parents/guardians repeatedly fail to pick up their child(ren) promptly following after- school, extra-curricular activities within the specified time frame, the school principal and appropriate personnel shall develop and publish incremental procedures to elicit parent cooperation and compliance, up to and including the instigation of neglect charges against the parent/guardian and notification of law enforcement and/or the Department of Human Services.

3.43 PROHIBITION OF HARASSMENT

- I. The Crenshaw County Board of Education prohibits harassment against any employee, applicant for employment, student, or student applicant based upon race, color, religion, gender, age, ethnicity, national origin, marital status, disability, political or religious beliefs, or social and family background. This policy also applies to non-employment volunteers who work subject to the control of school authorities.
- II. The Superintendent shall develop procedures which shall be used by persons alleging harassment.
- III. **Sexual Harassment by Students** – The Crenshaw County Board of Education desires to maintain an academic environment in which all students are treated with respect and dignity. A vital element of this atmosphere is the Board's commitment to equal opportunities and the eradication of discriminatory practices including sexual harassment. Sexual harassment is specifically prohibited by state and federal law and instances of harassment may result in both civil and criminal liability on the part of the individual harasser as well as the Crenshaw County Board of Education. Sexual harassment's destructive impact wastes human potential, demoralizes students, and perpetuates the tendency toward further unacceptable behavior. For these reasons, the Crenshaw County Board of Education forbids harassment against any student on the basis of gender. The Board will not tolerate harassment activity by any of its students.
 - a. **Definition** – Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal or physical conduct of a sexual nature, wherever such harassment occurs on school property or at a school-sponsored event, that is aimed at coercing an unwilling person into a sexual relationship whether or not it involves physical contact, or that substantially interferes with a student's academic performance, or creates an intimidating, hostile, or offensive school environment.

Examples of sexual harassment may include but are not limited to the following:

1. Verbal harassment or abuse of a sexual nature;
 2. Subtle pressure for sexual activity;
 3. Repeated remarks to a person with sexual or demeaning implications, e.g., a person's body, clothes or sexual activity;
 4. Unwelcome or inappropriate physical contact such as patting, pinching, or unnecessary touching;
 5. Suggesting or demanding sexual involvement accompanied by implied or explicit threats;
 6. Display of sexually suggestive objects, pictures, or written materials;
 7. Sexual harassment does not refer to occasional compliments or welcomed interactions of a socially acceptable nature.
- b. **Specific Prohibition** - It is sexual harassment for a student to subject another student or a school employee to any unwelcome conduct of a sexual nature on school property or at a school-sponsored event. Students who engage in such conduct shall be subject to penalties as described herein.
 - c. **Procedures** - Any student who alleges sexual harassment by an employee or another student should report the harassment to the building principal, assistant principal(s), guidance counselor(s) or Superintendent's designee. Filing of a complaint or otherwise reporting sexual harassment will not affect the student's status, extracurricular activities, grade or any other assignments. The complaint should be in writing, state the act or acts, state the date(s), state the names of witnesses, and be signed by the complainant.
 1. The right to confidentiality, both of the complainant and of the accused, will be

respected, consistent with the Board's legal obligations and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has

occurred.

2. In determining whether alleged conduct constitutes sexual harassment, the totality of the circumstances, nature of the conduct, and the context in which the alleged conduct occurred will be investigated. The Superintendent or designee has the responsibility of investigating and resolving complaints of sexual harassment.

- d. **Penalties** - A substantiated charge against a student shall subject that student to disciplinary action consistent with the Code of Student Conduct.

IV. **Sexual Harassment by Employees – Definition** – Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other inappropriate verbal, non-verbal or physical conduct of a sexual nature when:

- a. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or a student's education;
- b. Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual;
- c. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or student's educational performance or creating an intimidating, hostile or offensive work or school environment.
- d. Examples of sexual harassment may include, but are not limited to, the following:
 1. Verbal harassment or abuse of a sexual nature;
 2. Subtle pressure for sexual activity;
 3. Repeated remarks to a person with sexual or demeaning implications, e.g., a person's body, clothes or sexual activity;

Suggesting or demanding sexual involvement accompanied by implied or explicit threats;
 4. Display of sexually suggestive objects, pictures, or written materials.
- e. Sexual harassment does not refer to occasional compliments or welcomed interactions of a socially acceptable nature.
- f. Any suspected child abuse shall be reported in accordance with state law.
- g. **Specific Prohibition** – Sexual harassment in any form is prohibited. All claims of sexual harassment will be subject to prompt and thorough investigation.

1. It is sexual harassment for an administrator or supervisor to use his/her authority to solicit sexual favors or attention from subordinates, including, but not limited to, incidents when the subordinate's failure to submit will result in adverse treatment, or when the subordinate's acquiescence will result in preferential treatment. Administrators and supervisors who either engage in sexual harassment or tolerate such conduct by other employees shall be subject to penalties.

2. It is sexual harassment for a non-administrator and non-supervisory employee to

subject another such employee to any unwelcome conduct of a sexual nature. Employees who engage in such conduct shall be subject to penalties.

3. It is sexual harassment for a Crenshaw County Board of Education employee to use his or her authority to solicit sexual favors or attention from students. Board employees who either engage in sexual harassment or tolerate such conduct by other employees shall be subject to penalties.

- h. **Procedures** – It is the responsibility of any employee to promptly report any occurrence of alleged sexual harassment. This policy on sexual harassment shall be communicated to all employees to inform them that a procedure exists for reporting claims of sexual harassment, that management will promptly investigate all alleged incidents of sexual harassment, and appropriate corrective action will be taken. Complaints should be reported to the Superintendent or designee and should be in writing, state the act(s), state the date(s), state the name(s) of witnesses and be signed by the complainant.

Investigations will be conducted with discretion. The right to confidentiality, both of the complainant and of the accused, will be respected, consistent with the Board's legal obligations and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred. Claims found to be factually supported will be promptly acted upon. No employee or student shall be retaliated against, in any manner, for reporting conduct which is believed to be a violation of this rule or for participating in an investigation of a possible violation of this rule.

In determining whether alleged conduct constitutes sexual harassment, the totality of the circumstances, nature of the conduct, and the context in which the alleged conduct occurred will be investigated. The Superintendent or designee has the responsibility of investigating and resolving complaints of sexual harassment.

- i. **Penalties** – Necessary disciplinary action, up to and including termination, may result if sexual harassment occurs. Any employee who makes false allegations of sexual harassment will be subject to appropriate disciplinary action, up to and including termination.

Title I services will be offered in schools within the School System that qualify according to state and federal guidelines and legislation. Eligible students are those whom the school identifies as failing or most at risk of failing to meet the state's challenging student performance standards and having greatest academic need for special assistance. The Board requires that the following criteria be met for all qualified Title I programs (Schoolwide or Targeted Assistance) within the School System:

- Improve teaching so that Title I students will meet challenging state content performance standards.
- Implement effective instructional strategies that increase the amount and quality of learning time for at-risk students and that deliver an enriched and accelerated curriculum.
- Ensure that school-based planning take place.
- Promote effective parent participation.

Title I Schoolwide programs use their funds to upgrade the entire program of the school. Schools are encouraged to use research-based school reform strategies that provide an accelerated and enriched curriculum and increase the amount and quality of learning time. The programs must be integrated with other resources and initiatives. The intent is still to assist disadvantaged children, but this goal will be achieved by upgrading the entire education environment.

Title I Targeted assistance programs will target only individually identified students and must use their funds only for programs that provide services for those identified as in greatest need of assistance. However, these targeted assistance programs must meet the same requirements of schoolwide programs such as emphasizing accelerated curricula and extended learning times; coordinating their activities with other school reform activities; and providing adequate professional development for teachers and others serving Title I students.

Teachers paid from Title I funds are employees of the Board and are subject to the same regulations as other teachers.

4.94 EXTENDED LEARNING OPPORTUNITIES

Crenshaw County Schools recognizes the importance of Extended Learning Opportunities (ELOs) and the benefit of skills obtained in the classroom and applied in the work environment.

Section 1

Crenshaw County Schools will allow students to apply for ELOs offered for credit by outside entities using the following guidelines.

- The ELOs shall involve partnerships between the local education agencies, parents or guardians, students, and outside entities who will provide or assist with high-quality instruction.
 - Such partnerships shall delineate the responsibilities of each partner and provide structures to guide the ELO.
- Major components of the application shall include Crenshaw County Schools assurances, school, student, and emergency contact information, type of ELO experience, partner organization information, ELO proposal standards, content, and timeline, conditions of the agreement, and partner signatures.
 - Instructions for completing the application process are embedded throughout this guidance.

Section 2

By Alabama Code, Section 16-46C-5, entities eligible to submit applications for offering Extended Learning Opportunities are as follows.

- Nonprofit organizations
- Businesses with established locations in the state
- Trade associations
- Any of the Armed Forces of the United States, subject to applicable age requirements.

Partnership agreements with eligible entities shall comply with all federal and state labor laws and must include provisions for ensuring that students are supervised by approved individuals who meet and agree to guidelines outlined in local school district policy. Partnerships with outside entities are crucial to providing high-quality ELOs. In many instances, students may already participate in service or leadership organizations that benefit the communities in which they live. By writing intentional, specific, and rigorous standards to accompany these group activities, students can be encouraged to broaden their participation in and learn from involvement in community service. To promote student access to ELOs, partnerships should

provide instruction on relevant and customized topics for students' individual learning needs and

interests. Activities and designs should be respectful of all student subpopulations and student-driven.

Section 3

The process for students to follow for requesting credit is as follows.

- The ELO application is to be completed by the student, a certified educator, parent/guardian, ELO partner, superintendent, and other leadership team members designated in the local district policy.
 - At the time of application, the responsible entities will select the amount of credit to be awarded and set the guidelines for awarding such credit.
- No student shall receive more than one (1) credit for any ELO.
 - Per this policy, the superintendent or superintendent's designee will set guidelines for grading.
 - The calculation of GPA and inclusion of ELO credit on the student transcript shall be consistent with all other offerings. •
- The student and the certified educator will research the competencies/skills that can be met through the ELO to establish general expectations and goals for the project.
- The student and the certified educator work together to develop an overview of the project.
- Some guiding questions that may assist with the development of the ELO are as follows:
 - What is your area of interest or curiosity?
 - What do you want to learn?
 - What will you create to show what has been learned?
 - With whom will you work?
 - How will your work be assessed? By whom?
- The student, certified school personnel, family member/adult advocate, and community member/non-school-based mentor, will work as a team to provide a detailed plan that includes standards and assessment strategies and clearly defined grading criteria.
- The plan should be student-driven and include providing students with the opportunity to do the following:
 - Construct meaning through disciplined inquiry and produce knowledge.
 - Apply, document, and defend their learning (via higher order thinking). ◦
 - Apply skills and strategies to investigate the world through the lens of the academic discipline being studied.
 - Produce discourse, products, or performances that have value or meaning beyond success in school.

- Matriculation through the ELO requires benchmarks that may include but are not limited to small projects, rehearsals, practices, drafts, artifacts, or other work that allows the student to move towards competency mastery.
- Students with IEPs and 504 Plans shall be given the appropriate accommodations to construct meaning from their ELO experience.

Section 4 The superintendent or superintendent's designee shall determine whether a proposed Extended Learning Opportunity shall be approved to count toward credit.

Section 5

Crenshaw County Schools shall award a student a certificate of completion and credit for completing an approved Extended Learning Opportunity.

- Assessments of ELOs shall be based upon the process and work product described in the application and learning plan.
- Once the student completes the ELO, a signed copy of the ELO application shall be placed in the student cumulative record to document the standards by which the credit was awarded and transcribed.
- A sample rubric for evaluation will be provided by the Superintendent or designee. The supervising teacher should be tasked with ensuring that the credit is documented and transcribed, and all members of the supervision team should participate in the assessment of the learning goals.

This meeting should take place within 10 school days or as soon as practicable. In the event the Student's parent or guardian is unable or unwilling to meet, the principal or designee and the Supervision Team should meet with the Student within a reasonable timeframe to develop an appropriate Plan.

In the event the Victim attends the same school as the Student, the plan should include measures to reduce the likelihood of Victim and Student interaction.

The terms of the Plan and any updates to it must be memorialized in writing and approved by the principal or designee before being distributed to the Student and the Student's parent or guardian, as well as the Supervision Team.

A response that constitutes disciplinary action will adhere to the applicable School disciplinary policies and procedures and the Student will be afforded process due thereunder.

Section 8. Confidentiality Information received by school officials or staff related to the Student's delinquent status must be treated as confidential from other students, staff members, officials and stakeholders. Any document identifying the Student's status should be safeguarded from unintentional disclosure by the members of the Supervision Team. 5.29 DUE PROCESS

The Board recognizes that observance of applicable substantive due process entails two basic considerations: (1) any objective sought relative to student governance must be legally defensible, e.g., based upon a rational or compelling state interest; and (2) the means taken to accomplish such objective must be within the constitutional limitations applicable to the in loco parentis position of school officials

within the School District. To assure compliance with these two substantive aspects, the Board has approved the following guidelines as applicable to all policies, rules, and regulations.

Each local school policy, rule, or regulation shall specify its purpose as it relates to accomplishment of a legally defensible objective. Each local regulation shall be based on a Board policy.

All policies, rules, and regulations at any level shall be consistent with local, county, or city ordinances, statutes of the State of Alabama, and administrative regulations of duly authorized agencies; e.g. State Board or State Department of Education. Both policies of the Board and regulations designated by local school administrators shall be specific and precise. No Board policies or local school codes of conduct shall deny any student his/her constitutional rights.

Discharge of administrative responsibilities and exercise of authority shall recognize applicable legal parameters placed upon the in loco parentis position of school officials.

Authority exercised by administrators, teachers or school officials, shall be capable of withstanding close judicial scrutiny and be free from arbitrary, capricious, discriminatory, or otherwise illegal practices.

Students, parents, citizens, teachers, and administrators should be participants in developing local school codes of conduct.

Procedural due process within the School System shall relate primarily to the area of discipline and disciplinary measures, e.g., short-term suspension, long-term suspension, and expulsion.

The degree of procedural due process afforded in each of the above situations shall be dependent upon: (1) the gravity of the offense a student is alleged to have committed; and (2) the severity of the contemplated penalty.

Before being punished for violation of Board policies or school regulations, a student shall have the right of the following minimum due process procedures:

- The student shall be given oral or written notice of the charges against him;
- The evidence against the student shall be explained to him; and
- The student shall be given an opportunity to present his own version of the facts concerning the charges.

When a student is facing possible long-term suspension (more than 10 days) or expulsion, the Board shall afford the student the following:

- The right to an administrative hearing;
- The right to be represented by an attorney and to present evidence on his/her behalf;
- The opportunity to question witnesses;
- A written record at the hearing and a written record of the decision; and,
- The right of appeal to the Crenshaw County Board of Education.

A school may not unilaterally expel or cease the provision of educational services to a student with a disability whose education is governed by an individualized education plan (IEP).

5.30.2 PHYSICAL RESTRAINT AND SECLUSION

Policy Purpose: The Crenshaw County School System acknowledges that maintaining a school environment conducive to school learning requires that the environment be orderly and safe. Accordingly, physical restraint of a student may sometimes be necessary in order to protect the student or other individuals.

The purpose of this policy is to ensure that physical restraint is administered only when needed to protect a student and/or member of the school community from imminent, serious physical harm, and to prevent or minimize any harm to a student as a result of the use of physical restraint.

The Crenshaw County School System places an emphasis under this policy on the prevention and de-escalation of inappropriate behavior, which reduces the risk of injury to both students and program staff, as well as the care, safety, and welfare of our students.

Definitions

Physical restraint is direct physical contact from an adult that prevents or significantly restricts a student's movement. The term physical restraint does not include mechanical restraint or chemical restraint. Additionally, physical restraint does not include: providing limited physical contact and/or redirection to a student in order to promote safety or to prevent self-injurious behavior; providing physical guidance or prompting to a student when teaching a skill; redirecting attention; providing guidance to a location; providing comfort; or providing limited physical contact as reasonably needed to prevent imminent destruction to school or another person's property.

Chemical restraint is any medication that is used to control violent physical behavior or to restrict the student's freedom of movement that is not a prescribed treatment for a medical or psychiatric condition of the student.

Mechanical restraint is the use of any device or material attached to or adjacent to a student's body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student. The term does not include an adaptive or protective device recommended by a physician or therapist when used as recommended by the physician or therapist to promote normative body positioning and physical functioning, and/or to prevent self-injurious behavior. The term also does not include seat belts and other safety equipment when used to secure students during transportation.

Seclusion is a procedure that isolates and confines the student in a separate, locked area until he or she is no longer an immediate danger to himself/herself or others. Seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving. Seclusion does not include situations in which a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student; time-out as defined herein; in-school suspension; detention; or a student-requested break in a different location in the room or in a separate room.

Time-out is a behavioral intervention in which the student is temporarily removed from the learning activity. Time-out is appropriately used and is not seclusion when:

The non-locking setting used for time-out is appropriately lighted, ventilated, and heated or cooled.

The duration of the time-out is reasonable in light of the purpose of the time-out and the age of the child; however, each time-out should not exceed 45 minutes.

The student is reasonably monitored by an attending adult who is in reasonable physical proximity of the student and has sight of the student while in time-out.

The time-out space is free of objects that unreasonably expose the student or others to harm.

Prohibitions

The use of physical restraint is prohibited in the Crenshaw County School System and its educational programs except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions, including verbal directives or other de-escalation techniques. Physical restraint is prohibited when used as a form of discipline or punishment.

All physical restraint must be immediately terminated when the student is no longer an immediate danger to himself or others or if the student is observed to be in severe distress during the restraint. Any method of physical restraint in which physical pressure is applied to the student's body that restricts the flow of air into the student's lungs is prohibited in the Crenshaw County School System and its educational programs.

The use of chemical restraint is prohibited in the Crenshaw County School System and its educational programs.

The use of mechanical restraint is prohibited in the Crenshaw County School System and its educational programs.

The use of seclusion is prohibited in the Crenshaw County School System and its educational programs.

Requirements

Each local school's principal or his/her designee and each educational program of the School System that utilize physical restraint under this policy will provide staff with guidelines and procedural information regarding physical restraint and will arrange for the appropriate training of those designated staff members that may be called upon to physically restrain a student. This training of designated staff members shall be provided as a part of a program which addresses prevention and de-escalation techniques as well as positive behavioral intervention strategies. The training of designated staff members will be based on evidence-based techniques and strategies when possible. Each local school's principal or his/her designee or program coordinator shall be responsible for providing periodic reviews.

Each local school's principal or his/her designee and each educational program that utilize physical restraint will maintain written or electronic documentation on training provided at the local school regarding physical restraint and the list of participants in each training session. Records of such training will be made available to the Alabama Department of Education or any member of the public upon request.

Each local school's principal or his/her designee and each educational program that utilize physical restraint is responsible for generating and maintaining incident and debriefing reports of the use of restraint as well as reports of any prohibited use of seclusion and chemical, mechanical, or physical restraint at the local school and for gathering/reporting data to the Crenshaw County Board of Education and to the Alabama Department of Education annually. The use of physical restraint will be monitored by each local school's principal or his/her designee or program's coordinator on an on-going basis to ensure fidelity of implementation. Follow-up training will be provided following any situations in which procedures are not being followed.

Each local school's principal or his/her designee and each educational program that utilize physical restraint shall ensure that following an incident of restraint or seclusion of a student, all school personnel involved in the incident and appropriate administrative staff participate in a debriefing session for the purpose of planning to prevent or reduce the reoccurrence of the use of restraint. A student's parent or legal guardian will be provided notification of this debriefing session and afforded the opportunity to attend or to request that the debriefing session be rescheduled. The debriefing session shall occur no later

than five school days following the imposition of physical restraint or seclusion, unless the debriefing session is delayed, at the request of a student's parent or legal guardian, so that the parent or legal guardian may attend.

Each local school's principal or his/her designee and each educational program that utilize physical restraint will provide written notification to a student's parent or legal guardian when physical restraint is used on a student within a reasonable time following the restraint not to exceed one school day from the use of restraint.

Each local school's principal or his/her designee and each educational program will provide written notification to a student's parent or legal guardian when their child is removed from his/her school or program setting by emergency, medical, or law enforcement personnel within a reasonable time following the removal not to exceed one school day from the removal.

Each student's parent or legal guardian will be provided information regarding the school or program's policies governing the use of physical restraint. This information will be provided to parents at the beginning of each school year or upon the student's enrollment if the student enrolls after school has started. To effectuate this requirement, the School System's website and student handbook/code of conduct will contain the following statement:

As a part of the policies and procedures of the Crenshaw County School System, the use of physical restraint is prohibited in the Crenshaw County School System and its educational programs except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. Physical restraint is expressly prohibited when used as a form of discipline or punishment. The use of other physical restraint, chemical restraint, mechanical restraint, or seclusion is prohibited in the Crenshaw County School System and its educational programs.

The use of restraint may occur along with other emergency actions such as the school seeking assistance from law enforcement and/or emergency medical personnel which could result in a removal of the student by such personnel.

Significant violations of the law including assaults on students and staff will be reported to the police. As soon as possible after the restraint or removal of a student (and no longer than one school day following the occurrence), the parent or legal guardian will be provided written notification.

Clarifications

Nothing in this policy shall be construed to interfere with the School System's or school personnel's authority to utilize time-out as defined herein or to utilize any other classroom management technique or approach, including a student's removal from the classroom that is not specifically addressed as part of this policy.

Nothing in this policy modifies the rights of school personnel to use reasonable force as permitted under the Code of Alabama, 1975, §16-1-14 or modifies the rules and procedures governing discipline under the Code of Alabama, 1975, §16-28-12.

Nothing in this policy shall be construed to prohibit the School System's or school personnel's right to take reasonable action to diffuse or break up a student fight or altercation.

Nothing in this policy shall be construed to prohibit the School System or school personnel from taking reasonable action to obtain possession of a weapon or other dangerous objects on a student or within the control of a student.

Nothing in this policy shall be construed to eliminate or restrict the ability of school personnel to use his or her discretion in the use of physical restraint as provided in this policy to protect students or others from imminent harm or bodily injury.

Nothing in this policy shall be construed to create a criminal offense or a private cause of action against any local board of education or program or its agents or employees.

Nothing in this policy shall be construed to interfere with the duties of law enforcement or emergency medical personnel or to interfere with the rights the School System or school personnel from seeking assistance from law enforcement and/or emergency medical personnel.

5.31 DETENTION, SEARCH AND SEIZURE

Search of Property

The Crenshaw County Board of Education fully recognizes the implications of constitutional law in the area of student privacy. The Board is equally aware that such tangible personal property items as student desks, student lockers, and related properties are and remain the property of the Board.

The Board is charged with maintenance of such property and thus authorizes inspection for any maintenance-related reasons. With respect to opening of lockers or desks for other reasons, the following shall apply through the Crenshaw County School System.

Desks, lockers and other equipment at school belong to the school board and, although assigned to particular students for use, may be entered and searched by school officials whenever said school officials have reasonable belief that some object, item, article, substance or other material is contained therein which is illegal, harmful to the safety of the student himself or the student body as a whole, or significantly disruptive of or dangerous to the overall discipline of the school.

Vehicles driven by students and parked on school property are subject to search with or without the consent of students. Students shall not be allowed to park automobiles on campus until such time that the "Acknowledgement Concerning Use of Student Parking Lots" form has been properly completed and returned to the school. Such forms shall be maintained on file at the school.

Any items which are specifically prohibited by law, by Board policy, or by fair and reasonable local school regulations may be impounded by school officials. In such cases, students shall be given a receipt for said impounded items. Such prohibited items shall include, but not be limited to the following:

1. Any weapons;
2. Drugs of any sort;
3. Alcoholic beverages;
4. Pornographic or otherwise obscene material; or
5. Any other object, controlled substance or material which would be a violation or evidence of a violation of federal or state law, of Board policy, or of the local school's fair and reasonable regulations.

If possible, the student or students shall be contacted prior to any search of a desk or locker assigned to such student, and the desk or locker shall be opened in his/her presence. A witness from the professional staff shall be present during the inspection at all times when students cannot be contacted.

The content of this policy shall be communicated to all students and staff at the beginning of each year.

Search of a Student's Person

The Board authorizes teachers and administrative personnel who have reasonable belief that a student(s) is in possession of weapons, illegal drugs or other items harmful to the student or students or to the welfare of the student body to search the person of said student(s) under the following conditions:

1. Any such action shall not be taken unless there is a reasonable belief of violation of law or policy which can be substantiated if necessary;
2. Any such action shall not be deliberately intended to embarrass, harass, or intimidate the student(s); and
3. Parents/Guardians shall be notified, in writing, of all such searches of a student's person. A copy of said notice shall be retained by the principal.

The search of a student's person shall be with the knowledge, and under the supervision, of the principal or his/her designee.

Any search of a student's person shall be done privately by a teacher or administrator of the same sex as the student to be searched. At least one witness who is an administrator or teacher, also of the same sex as said student, shall be present throughout the search. A record of the search shall be made. One copy shall be filed in the principal's office. One copy shall be sent to the Superintendent of Education. Students shall be given a receipt for all items impounded.

Reasonable belief of a violation of law or policy may be based upon information from such sources as faculty members, reliable students, a law enforcement officer, visual evidence or any of these factors.

Detection of Illegal Drugs

The Board authorizes law enforcement agencies to make periodic, unannounced visits to any of its schools for the purpose of detecting the presence of illegal drugs. Such visits are unannounced to anyone except the Superintendent and building Principal.

Interrogation

A student enrolled in the Crenshaw County School System shall not be interrogated by any non-school authority (changed from "any law enforcement authority" and deleted "on public school property during regular school hours")

without the knowledge of the school principal or the assistant principal (changed from "his designee")

When law enforcement officers make it known that they wish to talk to a student while under the supervision of the school, the student will be informed by the principal or assistant principal that the student has three choices:

- He/she may converse by telephone with his/her parent/guardian.
- He/she may decline to talk to the officers until his/her parent/guardian is present.
- He/she may talk with the officers either in or outside the presence of a school official.

School officials will make every reasonable effort in every case to notify the parent/guardian. In those instances where a parent/guardian cannot be present within a reasonable period of time, school officials must allow interviews by law enforcement officials to proceed in the absence of the parent/guardian. Other non-school persons, with the exception of parent/guardian, shall not interview students during school hours.

(changed from: "Other non-school persons shall not interview students at school with the exception of parents or guardians or representatives of the Department of Human Resources.")

No student shall be removed from the school without a warrant or petition being officially served.

5.35 OPT-IN FOR MENTAL HEALTH SERVICES BY PARENT OR LEGAL GUARDIAN

No student under the age of sixteen may participate in ongoing school counseling services including, but not limited to, mental health services, unless (1) the student's parent or legal guardian has submitted a written opt-in granting permission for the student to participate or (2) there is an imminent threat to the health of the student or others.

For purposes of this policy, "mental health services" includes services, treatment, surveys, or assessments relating to mental health; however, it does not include instructional activities designed to educate students regarding topics related to mental health (1) contained in the school system's approved curriculum or (2) otherwise required to be taught by law (*e.g.*, Erin's Law; Jason Flatt Act).

This policy is not applicable to any school counseling services or "mental health services" contained in a student's PST, IEP, or §504 plan. Consent for those services will be obtained in accordance with the specific procedures required by federal and/or state law, and information regarding any mental health services will be provided in the pertinent plan.

A. **Written Notification** – At least annually, the school system shall provide parents and legal guardians a written notification regarding school provided or sponsored mental health services. The notification will include the purpose and general description of each of the mental health services available; information regarding ways parents may review materials to be used in guidance and counseling programs available to students; and information regarding ways parents may allow, limit, or prevent their student's participation in the programs.

The written notification may be provided electronically, including through the school system's online enrollment portal or by such other means and methods as are customarily used for such purposes.

B. **Opt-In To Participate in Mental Health Services** –

1. *General Requirement* – For a student under the age of sixteen to participate in mental health services, written permission by the student's parent or legal guardian is required annually. The written permission must be specific as to any treatment and not broad in nature. Parents and legal guardians may be provided the opportunity to opt-in electronically during online enrollment or by such other means and methods as are customarily used for such purposes.

1. *Rescinding Permission* – A parent or guardian may rescind permission for a student to participate in mental health services at any time by providing written notice to school administration [**Note:** School systems who want parents to submit this notice to a particular person should simply insert the person's title in place of "school administration" (*i.e.*, principal, school counselor, etc.)].

1. *Requests for Opt-In and Referrals Authorized* – If a parent or legal guardian does not initially opt-in to mental health services, school officials may contact the parent or legal guardian to (1) attempt obtain permission for the student to participate in mental health services if the school official believes that the student would benefit from services or if circumstance arise for which services could be beneficial; and/or (2) provide a parent or legal guardian with a referral or information regarding mental health services that may be available to a student through other agencies or providers.

1. *Exception for Imminent Threat* – If a parent or legal guardian has not opted-in to mental health services, a student may be provided mental health services if there is an imminent threat to the health of the student or others. School employees may determine in their discretion whether such an imminent threat exists and provide any mental health services they deem necessary under the circumstances.

C. **Information for Parents/Legal Guardians** – If a student’s parent or legal guardian elects to opt-in to mental health services, the counselor providing services shall keep the parent fully informed regarding any diagnosis and any recommendations for additional counseling or treatments beyond the services for which the parent or legal guardian has already opted in. The parent shall have the authority to make final decisions regarding any such recommended counseling and treatments.

D. **Recordkeeping** – Written records maintained by the school system and directly related to a student’s mental health services will be treated in the same manner as health care records and are subject to the confidentiality protections applicable to education records generally. Such records will be available for examination and review by authorized persons in the manner prescribed and to the extent required by federal and/or state law.

Records pertaining to a student’s mental health services will be kept separate from academic records unless including such record(s) in the student’s academic record is necessary to implement a state and/or federal law (e.g., special education referral process).

Also, parent/guardian who fails to compel each child to regularly attend and to properly conduct himself/herself as a pupil, shall be guilty of a misdemeanor and upon conviction shall be fined not more than \$100.00 and may also be sentenced to hard labor for the county for not more than 90 days.”

1. Absence from School

The Crenshaw County Schools would like to remind all stakeholders that exemplary student attendance is essential to academic success. There is a direct correlation between attendance and academic excellence. Therefore, we encourage parents and legal guardians to emphasize with our students the need to have exemplary attendance to ensure positive academic growth.

All student absences shall be designated as either excused or unexcused. The following reasons shall be accepted in classifying excused absences:

1. Illness that endangers the student’s health or the health of others.

(Section 16-28-12, Code of Alabama)

2. Make-Up Work

Students absent for any excused reason shall be allowed to make-up work at an appropriate time, as determined by the individual teacher. The responsibility for make-up work rests with the student. Make-up work shall be arranged within three (3) days after the student returns to school. The period for make-up work may be extended in cases involving prolonged, excused absences.

ANY EXCEPTION TO THIS POLICY MUST HAVE OFFICIAL VERIFICATION (ATTENDING PHYSICIAN'S STATEMENT ETC.), AND APPROVAL OF THE PRINCIPAL.

4. Absence to Participate in Educational Trip

I. A parent or guardian may request, in writing, to the superintendent, prior to the trip, that his or her child be excused from school to participate in an educational trip. The superintendent will render a decision on an individual basis.

5. Parent Excused Absences

I. State law requires parent/guardian to explain the reason for any absence of a student under their control of supervision. The parent/guardian must submit a written statement explaining the reason(s) for the absence within three school days after the student returns to school. If a written statement has not been received within the three (3) day period, the student's absence will be considered unexcused. A student may accumulate five (5) parent excused absences per semester. Any more than five (5) excused absences will require a written statement from a doctor or principal approval, or the absence will be considered unexcused.

6. Tardiness

This policy applies to any tardiness to school and all classes.

- II. Tardy number four (4) will result in one (1) day In-School Suspension (ISS) or corporal punishment.
- III. Tardies five (5) through seven (7) will result in one day of ISS for each tardy.
- IV. The eighth (8) tardy will result in a three-day suspension. The parent/guardian will be notified prior to the date the suspension is to begin. During the first or second day of suspension the

student's parent/guardian may be required to meet with the principal or his/her designee. If this meeting is successful, it may be possible for the student to return to school the next day.

V. Tardies numbers nine (9) through eleven (11) will result in one day of ISS for each tardy.

VI. Tardy number twelve (12) will result in a three (3) day suspension. The principal is encouraged to develop numerous disciplinary actions to correct misbehavior or encourage student understanding. Therefore, the principal has discretion to implement a board approved school based disciplinary action plan that supersedes the above policy.

5.73 PARENT INVOLVEMENT

The Crenshaw County Board of Education is committed to the goal of providing a quality education for every child in the system. Research has proven that when schools and parents form strong partnerships, all children's potential for academic success improves significantly. In accordance with the Elementary and Secondary Education Act, Title I Part A, Section 1118, all parent involvement programs, activities and procedures will be planned and implemented using meaningful consultation with parents of participating children and follow all requirements of the Title I regulations. The Local Education Association (LEA) and the schools in the system will establish objectives, programs, strategies, and activities that enhance parent involvement and reflect the specific needs of students and their families.

The LEA will involve parents in the development of Title I School-Wide Plans at each school, in the development of the Federal Programs Consolidated Plan, and in the process of school review and improvement if and when a school is identified for Title I school improvement. The LEA also supports the development, implementation, and evaluation of a parent involvement plan in each school, which will involve parents at all grade levels in a variety of roles.

Although most objectives, strategies, and activities are planned at the local schools, others are addressed system wide. The LEA will provide coordination of funding, technical assistance and other support necessary to assist the schools in planning and implementing effective parental involvement. Representatives from the LEA will:

- (1) work closely with the school's parent involvement committees, the faculty and staff at each school, and the school's Title I School-Wide Committee to ensure that local, state and federal guidelines are addressed;
- (2) schedule ongoing in-service sessions to educate teachers and support personnel on methods, strategies, and activities to improve parental involvement;
- (3) work cooperatively with community agencies and businesses in order to form partnerships which will encourage parental involvement and services to families;
- (4) provide parenting education classes, family literacy classes, workshops, and professional training for parents;
- (5) provide parent materials, supplies, and curriculum; and
- (6) provide a system-wide committee of parents, teachers, and administrators to guide the LEA's overall parental involvement efforts.

The parent involvement program will be comprehensive and collaborative in nature and will include, but not be limited to, the following objectives:

- A. Provide opportunities for all parents to become involved in decision-making about how the parent/family involvement programs will be designed, implemented, evaluated and revised;
- B. Promote activities and programs for families to become involved in the educational process in order to provide academic assistance at home and at school;
- C. Promote and support parenting skill instruction;
- D. Utilize a variety of communication tools on a regular basis to facilitate effective home/school communication;

- E. Link parents to programs and resources within the community that provide services to families;
- F. Provide professional development and in-service for teachers and staff to enhance their effectiveness with parents;
- G. Disseminate information on discipline procedures, assessments, school reforms, safety, curriculum, policy, etc. to parents in a timely manner;
- H. Support administrative leadership in setting expectations and creating a climate conducive to parental participation;
- I. Support involvement of parents of children at all ages and grade levels;
- J. Recognize diverse family structures, circumstances and responsibilities, including cultural differences, and work to eliminate barriers that hinder participation in parent/family involvement programs;
- K. Assess the effectiveness of parental participation activities, strategies, programs, and policy and parenting education classes in the improvement of schools; and
- L. Report and use evaluation findings to revise the school-level parent involvement plans and the system-wide parent involvement policy in order to effectively improve student academic achievement, the social and emotional welfare of students, and the school's educational environment.

Parental involvement at each school will also be encouraged during Open House, Parent Visitation Day and Grandparents Day. The following activities and others will be utilized to provide parental involvement in the system: parent surveys, parent compacts, discussion groups, parent newsletters, parenting classes, home visits, Statewide Parenting Day, "make and take" workshops, PTA meetings, parent/teacher conferences, timely notification to parents of students who are experiencing difficulties, volunteer programs, and Parent Resource Center.

Prospective students and parents will be given an opportunity to visit a school before enrollment. Students and parents will be assisted in making a transition from preschool to kindergarten, elementary to middle, or middle to high school by being invited to attend activities including: 1) tour of the school, (2) orientation programs, (3) PTA Open House, (4) special programs, (5) workshops, and (6) a summer program for preschool students and their parents for transitional activities at the elementary schools. The system works closely with the countywide Head Start Program, and a great amount of collaboration exists between Early Intervention, Kindergarten, and Head Start Programs.

Presently, there are no identified neglected or delinquent children, limited English proficiency students, homeless or immigrant students who reside within our LEA. Should any of these programs become needed, parental involvement activities will be coordinated and integrated with other educational services at the LEA or school level. A plan has been developed and services are ready to be provided and coordinated through the office of the Supplementary Services Coordinator.

It is the position of the Crenshaw County Board of Education that all persons will be afforded equal access or participation on the basis of selection criteria included in the law. This includes gender, race, religion, national

origin/ethnic group, color, disability, or age. Beyond those types, the Crenshaw County School System assures that all parents will be given equal access to parental involvement programs. Any instance to the contrary will be thoroughly investigated by the superintendent's office and resolved in a timely manner to the advantage of any qualifying person.

The Crenshaw County Board of Education acknowledges that involving parents is essential to improving student achievement and will work to foster and actively support parental involvement.

5.80 CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES

The Crenshaw County Board of Education requires that all co-curricular and extracurricular activities within a school be teacher and school sponsored. A special effort should be made to provide each student the opportunity to participate in appropriate co-curricular and extracurricular activities. Each staff member is expected to assume a reasonable share of the various responsibilities pertaining to the sponsorship of co-curricular and extracurricular activities.

All school sponsored activities such as clubs, newspaper and annual staffs, student councils, bands, cheerleading squads, and athletic teams are classified as extracurricular and subject to the requirements of this policy.

Eligibility: To participate in extracurricular and/or co-curricular activities, a student must meet the requirements of the “Academics First” policy as set forth in the Administrative Code of the State Board of Education. Students ineligible for extracurricular or co-curricular activities according to the “Academic First” requirements are also ineligible to participate in practice sessions, meetings, or preparatory events associated with extracurricular or co-curricular activities.

A student suspended from school for violation of the Crenshaw County Code of Student Conduct is also suspended from all school sponsored extracurricular activities and out- of-school practice sessions until that suspension has been lifted.

Participation in co-curricular and/or extracurricular activities is limited to students that are currently enrolled in the Crenshaw County School System.

The Crenshaw County Board of Education prescribes the following regulations for eligibility by students in this school system to participate in all extracurricular activities.

1. Students entering grades ten (10) through twelve (12) must, for the immediately preceding school year, have a passing grade and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits from the four (4) core subjects composed of English, Science, Social Studies, and Mathematics.
2. Physical education may count as only one (1) unit per year or two (2) units under a block schedule.
3. No more than two (2) Carnegie units may be made up during summer school. If a unit(s) or subject(s) is repeated in summer school, the higher numerical grade for the unit(s) or subject(s) may be used to compute the composite grade average.
4. Eligibility shall be determined on the first day of the school year and shall remain in effect for one (1) complete school year. A student may not become eligible after school begins, unless approved by the AHSAA, superintendent and principal at the school of the student-athlete. Bona fide transfers may be dealt with according to rules of the Alabama High School Athletic Association (AHSAA) for sports and rules to be developed by the CCBOE as they pertain to other extracurricular activities.
5. Each eligible student must have a minimum composite numerical average of 70 on the six (6) Carnegie units from the preceding year, including credits earned in summer school. Summer school units passed may be substituted for regular schoolwork repeated in computing the 70 averages.
6. Each eligible student involved in athletics must meet the definition of a regular student as defined by the AHSAA.
7. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess of the required four (4) per year may be exempt from earning the four (4)

core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class.

Students in grades eight (8) and nine (9) must, for the immediately preceding school year have a passing grade in five (5) subjects with a composite numerical average of 70 with all other rules applying the same as to students in grades 9-12.

Students promoted to the seventh (7) grade for the first time are eligible.

Extra-curricular activities associated with athletics are defined as those recognized and sanctioned by the AHSAA, and other extra-curricular activities are defined as those that are sanctioned by a public school, which are not related to a student's academic requirements or success in a course(s). Regular curricular activities are defined as those that are required for satisfactory course completion. School sponsors are required to submit a request for each extra-curricular activity that occurs outside the regular school day and/or school to the principal, superintendent, and the local Board of Education for approval. Each request for full participation by all students, regardless of academic standing, in an extracurricular activity shall be granted if the principal, superintendent, and the local Board of Education approve participation in the activity as an extension of a course(s) requirement(s) and it is an event sanctioned by a state/national subject matter association. Notwithstanding anything to the contrary in this policy, student participation in extracurricular activities offered by the school through math, science, band, choral music and other courses at events such as athletic events (pregame, game, halftime, or other breaks), club conventions, parades, amusement park trips and competitions, trips by tour companies, performances at various meetings, etc. are extracurricular, and students academically ineligible under this policy shall not be allowed to participate.

6.36 ANNUAL LEAVE OF ABSENCE

A leave of absence is permission granted by the Crenshaw County Board of Education or allowed under its adopted policies for an employee to be absent from duty for a specified period of time with the right to return to employment upon the expiration of leave. Any absence of a member of the staff from duty shall be covered by leave duly authorized and granted. Leave shall be officially granted in advance and shall be used for the purposes set forth in the leave application. Leave for sickness or other emergencies may be deemed to be granted in advance if prompt report is made to the proper authority.

Leave may be with or without pay as provided by law, regulations of the State Board of Education, and these rules. For any absence that is without pay, the deduction for each day of absence shall be determined by dividing the annual salary by the number of days/hours for the employment period.

A leave shall not be granted to any Crenshaw County School System employee to accept other employment. Accepting employment while on a leave of absence may cancel the leave. The person on leave may be notified that he/she must return to work with the Crenshaw County Board of Education immediately, resign, or be terminated.

All requests for a leave of absence must be submitted to the Superintendent, in writing, with the additional approval and signature of the employee's direct supervisor. Requests must be received by the Superintendent at least one (1) week prior to a monthly Board meeting. Upon the recommendation of the Superintendent, the Board may grant a leave of absence. Limitations of the leave shall be specified in the action taken by the Board.

A Crenshaw County School System employee having leave for the year or for the remaining part thereof and who plans to return to duty the next school fiscal year shall send a copy of such notice to the administrative supervisor by May 1st of that fiscal year.

A leave of absence grants the employee the right to return to the system in a similar role but does not guarantee the reappointment to the specific job held prior to the leave. Current Alabama laws covering the specific aspects of leaves of absences and employee re-instatement after leaves of absences shall be followed in the Crenshaw County School System.

A leave of absence may be granted for a period of up to one (1) year. If, in the opinion of the Board there is valid reason, such leave may be extended for one additional year.

6.38 FAMILY AND MEDICAL LEAVE

An eligible employee of the Crenshaw County Board of Education shall be granted up to a total of twelve (12) workweeks of unpaid family and medical leave during any 12-month period for one or more of the following reasons:

- for the birth and care of the newborn child of the employee;
- for placement with the employee of a son or daughter for adoption or foster care;
- to care for an immediate family member (spouse, child, or parent) with a serious health condition; or
- to take medical leave when the employee is unable to work because of a serious health condition.

An eligible employee means one employed with the school system for at least 12 months during which time the employee worked at least 1,250 hours.

Spouses employed by the Crenshaw County Board of Education are jointly entitled to a combined total of 12 workweeks of family leave for the birth and care of the newborn child, for placement of a child for adoption or foster care, and to care for a parent who has a serious health condition.

If FMLA is for birth and care or placement for adoption or foster care, use of intermittent leave is subject to the Board's approval. Leave for birth and care or placement for adoption or foster care must conclude within 12 months of the birth or placement.

FMLA leave may be taken intermittently whenever medically necessary to care for a seriously ill family member or because the employee is seriously ill and unable to work. When intermittent leave is needed to care for an immediate family member or the employee's own illness and is for planned medical treatment, the employee must try to schedule treatment so as not to unduly disrupt the employer's operation.

"Serious health condition" means an illness, injury, impairment or physical or mental condition that involves either:

- Any period of incapacity or treatment connected with inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical-care facility, any period of incapacity or subsequent treatment in connection with such inpatient care; or
- Continuing treatment by a health care provider which includes any period of incapacity (i.e., inability to work, attend school or perform other regular daily activities) due to:
- A health condition (including treatment therefore, or recovery there from) lasting more than three consecutive days, and any subsequent treatment or period of incapacity relating to the same condition that also includes treatment two or more times by or under the supervision of a health care provider; or one treatment by a health care provider with a continuing regimen of treatment.
- Pregnancy or prenatal care. A visit to the health care provider is not necessary for each absence; or
- A chronic serious health condition which continues over an extended period of time, requires periodic visits to a health care provider, and may involve occasional episodes of incapacity (e.g., asthma, diabetes). A visit to a health care provider is not necessary for each absence; or
- A permanent or long-term condition for which treatment may not be effective (e.g., Alzheimer's, a severe stroke, terminal cancer). Only supervision by a health care provider is required, rather than

active treatment; or

- Any absences to receive multiple treatments for restorative surgery or for a condition which would likely result in a period of incapacity of more than three days if not treated (e.g., chemotherapy or radiation treatments for cancer).

“Health care provider” means:

- Doctors of medicine or osteopathy authorized to practice medicine or surgery by the state in which the doctors practice; or
- Podiatrists, dentists, clinical psychologists, optometrists and chiropractors (limited to manual manipulation of the spine to correct a subluxation as demonstrated by X-ray to exist) authorized to practice, and performing within the scope of their practice, under state law; or
- Nurse practitioners, nurse-midwives and clinical social workers authorized to practice, and performing within the scope of their practice, as defined under state law; or
- Christian Science practitioners listed with the First Church of Christ, Scientist in Boston, Massachusetts; or
- Any health care provider recognized by the employer or the employer’s group health plan benefits manager.

Job Restoration

- Upon return from FMLA leave, an employee shall be restored to the employee’s original job, or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment.
- In addition, an employee’s use of FMLA shall not result in the loss of any employment benefit that the employee earned or was entitled to before using FMLA leave, nor be counted against the employee under a “no fault” attendance policy.
- Under specified and limited circumstances where restoration to employment will cause substantial and grievous economic injury to its operations, the board may refuse to reinstate certain highly-paid “key” employees after using FMLA leave during which health coverage was maintained. In order to do so, the board must:
- Notify the employee of his/her status as a “key” employee in response to the employee’s notice of intent to take FMLA leave;
- Notify the employee as soon as the board decides it will deny job restoration, and explain the reasons for this decision;
- Offer the employee a reasonable opportunity to return to work from FMLA leave after giving this notice; and
- Make a final determination as to whether reinstatement will be denied at the end of the leave period if the employee then requests restoration.

A “key” employee is a salaried eligible employee who is among the highest paid ten percent of employees of the board.

Employees seeking to use FMLA leave are required to provide 30-day advance notice of the need to take FMLA leave when the need is foreseeable and such notice is practicable.

Employees shall be required to provide medical certification supporting the need for leave due to a serious health condition affecting the employee or an immediate family member. Second or third medical opinions (at the employer’s expense) and periodic recertification; and periodic reports during FLMA leave may be required regarding the employee’s status and intent to return to work.

The board will maintain group health insurance coverage for an employee on FMLA leave whenever such insurance was provided before the leave was taken and on the same terms as if the employee has continued to work. Arrangements will need to be made for employees to pay their share of health insurance premiums while on leave. In some instances, the employer may recover premiums it paid to maintain health coverage for an employee who fails to return to work from FMLA leave.

6.39 MILITARY FAMILY AND MEDICAL LEAVE

Military Caregiver Leave

An eligible employee of the Crenshaw County Board of Education shall be granted up to a total of 26 workweeks of unpaid military family and medical leave during any 12-month period to care for a spouse, son, daughter, parent, or next of kin of a covered service member with a serious injury or illness.

A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.

An eligible employee means one employed with the school system for at least 12 months during which time the employee worked at least 1,250 hours.

A serious injury or illness is one that was incurred by a service member in the line of duty on active duty that may render the service member medically unfit to perform the duties of his or her office, grade, rank, or rating.

The “single 12-month period” for leave to care for a covered service member with a serious injury or illness begins on the first day the employee takes leave for this reason and ends 12 months later, regardless of the 12-month period established by the Crenshaw County Board of Education for other types of FMLA leave.

An eligible employee is limited to a combined total of 26 workweeks of leave for any FMLA-qualifying reason during the “single 12-month period.” Only 12 of the 26 weeks total may be for a FMLA-qualifying reason other than to care for a covered service member.

Qualifying Exigency Leave

An eligible employee shall be granted up to a total of 12 workweeks of unpaid leave during the normal 12-month period established by the Crenshaw County Board of Education for FMLA leave for qualifying exigencies arising out of the fact that the employee’s spouse, son, daughter, or parent is on active duty, or has been notified of an impending call or order to active duty, in support of a contingency operation. Qualifying exigency leave is available to a family member of a military member in the National Guard or Reserves; it does not extend to family members of military members in the Regular Armed Forces.

Qualifying exigencies include:

Issues arising from a covered military member’s short notice deployment (i.e. deployment on seven or less days of notice) for a period of seven days from the date of notification;

Military events and related activities, such as official ceremonies, programs, or events sponsored by the military or family support or assistance programs and informational briefings sponsored or promoted by the military, military service organizations, or the American Red Cross that are related to the active duty or call to active duty status of a covered military member;

Certain childcare and related activities arising from the active duty or call to active duty status of a covered military member, such as arranging for alternative childcare, providing childcare on a non-routine, urgent, immediate need basis, enrolling or transferring a child in a new school or day care facility, and attending certain meetings at a school or day care facility if they are necessary due to circumstances arising from the active duty or call to active duty of the covered military member;

Making or updating financial and legal arrangements to address a covered military member's absence;
Attending counseling provided by someone other than a health care provider for oneself, the covered military member, or the child of the covered military member, the need for which rises from the active duty or call to active duty status of the covered military;
Taking up to 5 days of leave to spend time with a covered military member who is on short-term temporary, rest and recuperation leave during deployment;
Attending to certain post-deployment activities, including attending arrival ceremonies, reintegration briefings and events, and other official ceremonies or programs sponsored by the military for a period of 90 days following the termination of the covered military member's active duty status, and addressing issues arising from the death of a covered military member;
Any other event that the employee and employer agree is a qualifying exigency.

Spouses employed by the same employer are limited to a combined total of 26 workweeks in a "single 12-month period" if the leave is to care for a covered service member with a serious injury or illness and for the birth and care of a new born child, for placement of a child for adoption or foster care, or to care for a parent who has a serious health condition.

Military FMLA leave may be taken intermittently whenever medically necessary to care for a covered service member with a serious injury or illness. FMLA leave also may be taken intermittently for a qualifying exigency arising out of the active duty status or call to active duty of a covered military member. When leave is needed for planned medical treatment, the employee must make a reasonable effort to schedule treatment so as not to unduly disrupt the school system's operation.

Appropriate and verifiable documentation of the qualifying exigency, military status, and relationships of the individual(s) seeking military FMLA leave may be requested.

Reinstatement of employees returning from military FMLA shall be governed by current federal and state law.

6.40 ON-THE-JOB INJURY

Any full-time employee or bus driver of the Crenshaw County School System shall be entitled to on-the-job injury leave.

An on-the-job injury is any accident or injury to the employee occurring during the performance of duties (or when directed or requested by the employer to be on the property of the employer), which prevents the employee from working or returning to his or her job.

To be considered for on-the-job injury leave, the following conditions shall be met:

Within 24 hours after occurrence of the injury, the employee must make proper written notification of the injury to the Superintendent (or school principal or immediate supervisor, if applicable).

In the event the employee is clinically unable to report the injury, the injury may be reported by another person who is reasonably knowledgeable of the injury.

The Crenshaw County Board of Education may require medical certification from the employee's physician that the employee was injured and cannot return to work because of the injury.

The Superintendent may require a second opinion from another physician at the expense of the Board.

The Board may require a statement from the physician that there is a reasonable expectation that the employee will be able to return to work.

If the Superintendent determines that the employee has been injured on the job and cannot return to work as a result of the injury, the employee's salary and benefits will continue up to ninety (90) working days consistent with the employee's injury and absence from work resulting from the injury.

Sick leave days will not be deducted for the days the employee is paid for an absence approved for on-the-job injury pay.

The employee may file for reimbursement with the Alabama Board of Adjustment for un-reimbursed medical expenses and costs incurred as a result of an on-the-job injury. Reimbursement to the employee shall be determined by the Alabama Board of Adjustment's policies, rules and regulations.

6.45 SICK or BEREAVEMENT LEAVE

Sick leave is defined as the absence from regular duty by an employee because of the following:

Personal illness or doctor's quarantine;

Incapacitating personal injury;

Death in the family of the employee (parent, spouse, child, sibling, parent-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, nephew, niece, grandchild, grandparent, uncle or aunt);

Where unusually strong personal ties exist because of an employee's having been supported or educated by a person of some relationship other than those listed, this relationship may be recognized for leave purposes. In such cases the employee concerned shall file with the supervisor a written statement of the circumstances which justify an exception to the general rule;

Attendance to an ill member of the immediate family (parent, spouse, child, sibling) of the employee, a person standing in loco parentis, or an individual with a close personal tie.

Crenshaw County School System employees shall be allowed to accumulate an unlimited number of sick leave days.

6.46 INTERMITTENT LEAVE

If medically necessary for a serious health condition of the employee or the employee's spouse, child, or parent, leave may be taken on an intermittent or reduced leave schedule subject to certain conditions which pertain to instructional employees (those whose principal responsibility is to teach or instruct students).

When instructional employees seek intermittent leave in connection with a family or personal illness and when such leave would constitute at least twenty (20) percent of the total number of working days in the period during which the leave would extend, the Board may require the employee to take leave in a block (not intermittently) for the entire period or to transfer to an available alternative position with the school system, that is equivalent in pay, for which the employee is qualified and which better accommodates the intermittent situation. If an employee requests partial day for intermittent leave, the Board may require that the leave increment be held to the smallest increment payroll recognizes.

Notification

Except where circumstances are such that reasonable advance planning is not possible, employees must provide the Superintendent at least thirty (30) days written notice of the date when leave is to begin. With respect to foreseeable family or employee illness, the employee shall make a reasonable effort to schedule treatment – including intermittent and reduced hour leave – so as not to disrupt unduly the operations of the Crenshaw County School System.

Certification

The Board requires that a request for leave based on the serious health condition of the employee, the employee's son, daughter, spouse, or parent be supported by a certification issued by the appropriate health care provider. The certification shall state:

The date the serious health condition began

The probable duration of the condition

The necessity for the employee's leave

That the employee is unable to perform the employee's job functions

Relative to the employee, the Board reserves the right, at its own expense, to designate a second health care provider (other than a Crenshaw County School System employee), to provide a second opinion. If the first and second opinion conflict, the Board can require, at its own expense, a third opinion by a health care provider approved by the Board and the employee. This opinion shall be binding. Upon the employee's return to work, the Board may require the employee to provide certification by the employee's health care provider that the employee is able to resume work.

Benefits

Benefits accrued by the employee before leave is taken will not be altered by the employee's absence under this policy. The employee is entitled to continuation of health benefits during the leave period under the same conditions these benefits would have been provided if no leave had been taken. If an employee fails to return to work after the leave period expires, the Board may recover the health benefits premiums paid by the employer for the employee's benefit during the leave period.

Return to Work

Prior to returning to work following medical leave, an employee should submit a statement from his/her health care provider to the Superintendent certifying that he/she is able to perform the essential functions of his/her job without restrictions. A position description containing the essential functions can be obtained from the immediate supervisor or the personnel office. The health care provider should review the essential functions of the job and certify a release to return to work. An employee that is unable to return to work following leave due to medical limitations should discuss those limitations with the Superintendent and the employee's Supervisor as soon as possible.

6.48 DRUG-FREE WORKPLACE

It is the policy of the Crenshaw County Board of Education that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance in the Board's workplace is prohibited. Any employee violating this policy will be subject to disciplinary action, including termination of employment. The specifics of this policy are as follows:

Any employee who gives, distributes or in any way transfers a controlled substance to another person or sells or manufactures a controlled substance while on the job or on or in Board property will be subject to disciplinary action, including termination of employment.

The term "controlled substance" means any drug listed in 21 U.S.C., 812 and other federal regulations. Generally, these are drugs which have a high potential for abuse. Such drugs include, but are not limited to, heroin, marijuana, cocaine (including "crack"), and PCP. They also include "legal drugs" which are not prescribed by a licensed physician.

Each employee is required by the Drug-Free Workplace Act of 1988 to inform the Superintendent within five (5) days after he/she is convicted for a violation of any federal or state criminal drug statute where such violation occurred on School Board property. A conviction means a finding of guilt (including a plea of nolo contendere) or the imposition of a sentence by a Judge or jury in any federal or state court.

If an employee is convicted of violating any criminal drug statute while in the workplace, he or she will be subject to disciplinary action, including termination of employment. Alternatively, the Board may require the employee to finish successfully a drug abuse program sponsored by an approved private or governmental institution.

VI. As a condition of further employment on any federal government grant, the Act requires all employees to abide by this policy.

6.49 DRUG AND ALCOHOL TESTING

In accordance with the Federal Transportation Employee Testing Act of 1993, certain employees involved in the operating of Crenshaw County School System owned vehicles on a regular basis are required to submit to drug and alcohol testing. The Board, in compliance with the Act, has adopted the following provisions:

All employees of the School System, including substitutes, who are required to hold a Commercial Driver's License (CDL) as a precondition to employment or to continued employment, will be subject to drug and alcohol testing. Such employees will be prohibited from performing assigned duties while under the influence of any prohibited drug or alcohol. While employees are prohibited from having any alcohol present in their systems while on duty, a Blood Alcohol Count (BAC) of .04 will be accepted as a presumptive evidence of intoxication. An employee who tests between .01 and .039 BAC will be removed from job related functions until they test below .01 or until their next duty period, which must be at least 24 hours.

The proper use of medication prescribed by a physician is not prohibited; however, the Board prohibits the misuse of prescribed (or over-the-counter) medications and requires all employees using drugs at the direction of a physician (or over-the-counter drugs) to notify the Board's Medical Review Officer (MRO), or the employee's supervisor where these drugs may affect their job performance, such as causing drowsiness.

Employees who are required to hold a CDL as a precondition to employment or to continued employment who refuse or do not pass a drug or alcohol test will be recommended for termination or removed from consideration for employment.

Employees testing positive by urinalysis or alcohol/breathalyzer test or requesting treatment may be referred to a mental health substance abuse counselor for an assessment of needs and possible referral for treatment. All such treatment shall be at the individual employee's expense.

Drug and alcohol testing will include the following categories:

Pre-employment: (Post-Offer - This is to be interpreted as a conditional offer of employment.) Each person, after a conditional offer of employment has been made, will have to undergo a drug test before being employed in a position that requires the employee to hold the CDL.

Reasonable Cause Testing: Each employee that is required to hold the CDL as a precondition to employment or to continued employment will be subject to drug and alcohol testing based on reasonable cause as established by a supervisor through the use of objective evidence.

Post-Accident: Any employee who is required to hold the CDL as a precondition to employment or to continued employment that is involved in a reportable accident will undergo drug and alcohol testing within two (2) hours following any accident.

Random Testing: All employees required to hold a CDL as a precondition to employment or to continued employment will undergo testing on a random basis. Random testing will be administered in a number equal to or greater than 50 percent (drug screening) and 25 percent (alcohol screening) of the CDL work force, without advanced notice, in the first 12 months of testing. There will be no maximum number of samples that any one employee will be required to provide during the testing period. Employees refusing to be tested may be suspended pending a recommendation for termination.

Return to Duty Testing: Any employee who is required to hold a CDL as a precondition to employment or to

continued employment and tests positive or refuses testing must pass a "Return to Duty Drug Test." In such instance, the Medical Review Officer must determine when and under what conditions the employee may return to duty. Any employee subject to "Return to Duty Drug Testing" will be subject to random and/or unannounced drug testing for sixty (60) months after return to duty. Follow-up tests for alcohol are unannounced and at least six (6) tests must be conducted in the first 12 months after an employee returns to duty.

The Medical Review Officer is designated by the Board.

Test results will not be released by the Board beyond the MRO without the individual's written authorization.

Procedures for drug testing shall be distributed to all affected employees. Receipt of Crenshaw County School System Drug Free Workplace regulations and procedures shall be acknowledged by employees on signed acknowledgement forms as required for initial and continued employment.

If the material is deemed worthy of an investigation by the Superintendent, it may be investigated. The results of the investigation may be reduced to writing, signed by the superintendent, principal, or other designated official in charge of the complaint, dated, attached to the materials in question, and may be placed in the personnel file of the employee. Any anonymous complaint which is not investigated within thirty (30) calendar days of its receipt by the Superintendent shall not be retained but shall be destroyed.

6.53 OVERTIME – NON-SUPERVISORY PERSONNEL

It is the intent of the Crenshaw County Board of Education for its employees to perform the necessary tasks of their jobs during the regular designated work week. However, there may be certain circumstances, in the best interest of students and the school system, when emergencies would necessitate that certain employees work beyond their designated work week. However, the option to receive compensatory time rather than pay must be approved by the immediate supervisor and the Superintendent.

Overtime should always be requested by the immediate supervisor and approved by the Superintendent or a designated representative on the approved form for overtime. Verbal approval should be given by the immediate supervisor at the time the work is done; however, an immediate follow-up written request by the supervisor must be forwarded to the Superintendent for approval within one working day after the work has been performed. Overtime pay may be granted only to non-certified employees whose job titles or responsibilities indicate that the position is non-supervisory.

Payment for overtime shall be made to the appropriate Crenshaw County School System employee at the next regular pay period if the request is submitted prior to the deadline for the pay period.

6.55 REDUCTION IN FORCE

In accordance with The Code of Alabama §16-1-33 (1975) a reduction-in-force may be declared by the Crenshaw County Board of Education and layoffs approved thereunder if the Board determines that decreased student enrollment or a shortage of revenues requires a reduction in the work force (beyond normal attrition) in order to maintain effective provision of educational services or to meet the Board's financial, legal, or operational obligations.

A "layoff" within the meaning of this policy is a separation from employment with the Crenshaw County Board of Education. However, employees who are laid off under this policy are eligible for recall to employment as conditionally provided in this policy. Moreover, layoffs are not terminations within the meaning of the Alabama Teacher Tenure or Fair Dismissal laws and are not subject to the procedural or substantive requirements thereof.] The term "layoff" does not include or apply to the expiration of temporary, occasional, or "at-will" appointments or to decisions not to renew or extend employment beyond the expiration of annual or other specified terms of appointment.

Criteria for Implementing Layoffs

1. The order, priority, rank of selection of individual employees who are to be laid off under authority of this policy shall be determined on the basis of objective criteria; however, nothing herein shall be deemed or construed to limit or abridge the Board's legislative discretion to identify areas, department, groupings, or classification for reductions (layoffs).
2. The criterion or criteria on which the layoffs are to be based shall be announced or otherwise made known by the Board to employees affected by the layoff no later than the date of notification of the layoff.
3. "Objective criteria" within the meaning of this policy may include any lawful selection standard (or combination of standards) that is verifiable, calculable, measurable, or otherwise determinable by means of methods other than the personal or subjective judgments or opinions of the person(s) applying the criteria, and that would be expected to produce the same result if applied to the same employees or group of employees by different persons.
4. **Recall**: the name of an employee who has been laid off shall be placed on a recall list and remain on such list for one (1) year.
 - No new employee shall be hired to fill a position for which an employee on the recall list is qualified and certified or immediately certifiable.
 - The names of personnel reduced in force shall be placed in a School System employment pool. Said person(s) shall be given the opportunity in reverse order of their layoff to fill the first comparable employment vacancies for which they are qualified.
 - Employees who have been laid off under the terms of this policy will be priority in filling positions as enrollment or financial circumstances warrant, provided that:
 - i. The nature of the position and qualifications therefore have not materially changed;

- ii. The laid-off employee remains properly qualified, licensed, or certified; and,
 - iii. The laid-off employee confirms in writing his or her availability or an interest in re-employment to the Superintendent in accordance with any directives that may be contained in or transmitted in conjunction with the notice of layoff.
- Notice: Notification of layoff and recall shall be by United States certified or registered mail, hand delivery, or such other means as are reasonable under the circumstances.
 - i. Upon receipt of notification of recall, a laid-off employee shall respond affirmatively within five (5) working days of receipt of offer.
 - ii. Any laid-off employee who does not so respond or who otherwise declines an offer of reemployment by the Board will be deemed to have waived any right to be recalled under the terms of this policy.
 - iii. No employee who has been laid off shall be entitled to payment or accrual of any compensation or fringe benefits whether or not he/she remains on the recall list. No years of layoff will be credited as years of service of compensation or retirement purposes.

Certified Personnel

As a prerequisite to all other considerations, the Board shall determine upon the recommendation of the Superintendent, the organizational levels to be reduced. The Board should determine whether organizational levels (elementary, middle, junior high, senior high) are to be considered distinct categories. The personnel within these levels may be considered separately, (i.e. elementary and secondary, physical education, music, counselors, library personnel, etc.).

The Superintendent's recommendations shall include a recommendation on the organization level to be reduced, the level of employees to be affected and the particular employees to be dismissed. The Superintendent shall confine his or her recommendations for personnel reductions to personnel assigned to the affected programs or employment areas.

In making such recommendations, the Superintendent is bound to consider all the factors set out in this policy and must adhere to the same guidelines for reduction-in-force (RIF) decision making as established for the Board.

When a reduction-in-force is necessary, the first employees to be dismissed will be the non-tenured persons within the class of personnel being reduced. Non-tenured teachers will be retained when a tenured teacher is terminated only if the tenured teacher is not qualified by certification to teach the position which the non-tenured teacher occupies.

If more than one legally qualified tenured teacher is being considered for dismissal, the following criteria, in the order stated, will be used to determine which of the tenured teachers will be retained:

1. Certification in a teaching position which is being retained and is open. A tenured teacher with standard certification for the retained position will be given consideration over a tenured teacher with non-professional certification.

2. Seniority in the length of continuous, full-time contracted certified employment in the system, beginning on the date the employee first reported to work.
3. Degree(s) held by the staff member (with the staff member with the lower degree to be reduced first). Personnel who are Nationally Board Certified will be retained before those holding Masters degrees.

If based upon these factors, two or more tenured faculty are equally qualified for the position, the following prioritized list will determine the order of the RIF:

1. The date the Board voted to employ. (The employee with the earliest date of employment to be retained.)
2. If the above are equal, all potential reduced in force teachers within a given area will draw one domino. The teacher who draws the higher of the sum of all dots will be selected for continued employment.

Any employee terminated or demoted pursuant to this policy shall have the following recall rights to a position for which he or she is certified, for one (1) calendar year from the effective date of his/her termination or demotion. Tenured teachers dismissed through staff reductions will, for a period of one calendar year, be offered re-employment if qualified by certificate in the area of need, in reverse order of dismissal before non-tenured teachers in the same teaching area are added to the staff.

Support Personnel

The following procedures shall be used to implement a reduction in force of support personnel:

1. The Superintendent shall recommend in writing to the Board the positions or job classifications to be affected and the particular employees to be dismissed. In making this recommendation, the Superintendent is bound to consider all of the factors set out in this policy. The Superintendent shall confine his or her recommendation for employee reduction to employees assigned to the affected positions or job classifications.
2. The Board, upon the recommendation of the Superintendent, shall determine the positions or job classification to be affected and the particular employees to be dismissed.
3. To the extent possible the reduction shall be accomplished through attrition.
4. If reductions beyond those achieved by attrition are necessary, length of service with the employing board shall govern. Probationary employees will be the first to be terminated. A non-probationary employee will be terminated only after all probationary employees in the designated position or job classification have been laid off.
5. If it is necessary to include non-probationary employees in the Reduction in Force, non- probationary employees having the least length of continuous service will be the first laid off. In the event two or more employees have the same length of service, the Board will consider:
 - a. Seniority in the length of continuous, full-time contracted employment in the system, beginning on the date the Board voted to employ.

- b. The level of formal education obtained (the staff member with the lower degree or the least post-secondary education to be reduced first).
- c. If based upon the two factors above, two or more non-probationary staff are equally qualified for the position, the following prioritized list will determine the order of the RIF:
 - i. The date the Board voted to employ. (The employee with the earliest date of employment to be retained.)
 - ii. If the above are equal, all potential support persons to be reduced within a given area will draw one domino. The support person who draws the higher of the sum of all dots will be selected for continued employment.

Any non-probationary employee terminated pursuant to this policy shall have recall rights to the position from which he or she was terminated for one (1) calendar year from the effective date of his or her termination, in reverse order of dismissal.

If a former employee refuses an offer of employment pursuant to this policy, his or her rights of recall are forfeited.

No teacher shall be permitted to terminate his or her employment within 30 calendar days before the first day of the next school term for students, unless the termination is mutually agreed upon by the Crenshaw County Board of Education. Any teacher terminating his or her employment in violation of this policy is guilty of unprofessional conduct, and the State Superintendent of Education may revoke or suspend the certificate of the violating teacher.

6.58 PROHIBITION ON AIDING AND ABETTING SEXUAL ABUSE

Neither the board nor any employee, contractor or agent of the board shall assist another school employee, contractor or agent in obtaining a new job if the individual or the board knows, or has probable cause to believe, that the other employee, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law. This prohibition does not apply to the routine transmission of administrative and personnel files.

In addition, this prohibition does not apply if the information giving rise to probable cause has been properly reported to a law enforcement agency with jurisdiction over the alleged misconduct, and has been reported to any other authorities as required by local, state or federal law, and at least one of the following conditions applies:

1. The matter has been officially closed or the prosecutor or police with jurisdiction over the alleged misconduct has investigated the allegations and notified school officials that there is insufficient information to establish probable cause that the school employee, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law; or
2. The school employee, contractor, or agent has been charged with, and acquitted or otherwise exonerated of the alleged misconduct; or
3. The case or investigation remains open and there have been no charges filed against or indictment of the school employee, contractor or agent within four years of the date on which the information was reported to a law enforcement agency.

6.59 TEACHERS' BILL OF RIGHTS POLICY

The Teachers' Bill of Rights requires every teacher to have an approved classroom management plan and affords teachers the right to exclude disruptive students from their classrooms in certain circumstances. The purpose of this policy is to outline the standards applicable to the development and approval of required classroom management plans; the standards applicable to the exclusion of a student from the classroom by a teacher; and the appeal process available to a teacher if a student is returned to the classroom by the principal.

For purposes of this policy, the term principal also includes assistant principal, vice principal, or his or her designee.

A. Classroom Management Plans: Each classroom plan must be approved by the principal before the tenth day of instruction for students during each academic year. Principals are authorized to set a deadline for submission of classroom management plans by teachers that provides them with ample time to review and approve plans and seek revisions.

B. Exclusion of Student from Classroom by Teacher: A teacher may exclude a student from his or her classroom due to their behavior only if:

- The student has:
 - Engaged in disorderly conduct, which is defined by the Act as any conduct that intentionally disrupts, disturbs, or interferes with the teaching of students or disturbs the peace, order, or discipline at any school;
 - Behaved in a manner that obstructs the teaching or learning process of others in the classroom;
 - Threatened, abused, intimidated, or attempted to intimidate an education employee or another student;
 - Willfully disobeyed an education employee;
 - Uses abusive or profane language directed at an education employee;
 - The referring teacher followed his or her approved classroom management plan before excluding the student from the classroom; and
 - The referring teacher completes any required referral form and submits it to the principal or his or her designee when the student is excluded and referred to school administration.

C. Principal Review and Decision: The Superintendent shall develop guidance and procedures for principals to handle instances of student exclusion pursuant to this policy and consistent with Alabama and Federal law.

D. Appeal: An appeal may be filed by a teacher if (1) a principal refuses to allow a student to be excluded from the classroom under this policy, or (2) a teacher believes the school principal has prematurely ended the exclusion of a student from the classroom under this policy.

The appeal process available under this policy may not be invoked if:

- The decision not to exclude a student from the classroom or to return a student to the classroom results from a decision reached at the end of a school disciplinary hearing required by the Code of Conduct or state or federal law;
- A 504 or IEP team or other legally authorized person or entity determines that a student with a disability has the right to remain in or return to the classroom under the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990; or
- The student is otherwise legally entitled to remain in or return to the classroom.

1. Filing of Appeal: The teacher must complete and submit the approved appeal form to the Superintendent within 1 day(s) of the principal's refusal to exclude the student from the classroom or the return of the student to the teacher's classroom.

2. Status of Student During Appeal: During the pendency of an appeal, the decision of the principal regarding the placement of the student, if any, will remain in effect.

3. Administrative Review: Upon receipt of a timely appeal, the Superintendent or designee shall start an investigation of the appeal. The investigation may include interviews of the teacher, the principal, and/or witnesses; obtaining or reviewing written statements, classroom management plans, or other pertinent documents; holding administrative conferences, and any other lawful action deemed necessary to reach a just disposition of the appeal at the discretion of the investigator.

Upon completion of the investigation, the Superintendent or designee shall prepare a written recommendation regarding the issues raised in the appeal.

The written recommendation of the Superintendent shall be transmitted to the teacher within 10 day(s) of the date on which the appeal is filed. Should the Superintendent need such additional time to issue a written decision, the teacher shall be notified of same in writing and advised of when the decision will be issued.

4. Appeal to Local Board of Education: A teacher may appeal the decision to the Local Board of Education by filing a written notice of appeal with the Superintendent within 3 day(s) of receipt of the Superintendent's written decision.

The Superintendent shall transmit to Local Board Members for their review a copy of the written appeal, the decision, and all evidence considered at any stage of the administrative review process.

Not later than 20 day(s) following receipt of the notice of appeal by the Superintendent, the Local Board shall meet to consider the appeal. After consideration of the appeal and administrative record, the Local Board may, by majority vote:

- a) Affirm the decision of the Superintendent;

- b) Reverse or modify the Superintendent's decision; or
- c) Defer final action pending a hearing before the Local Board.

5. Hearing Process: If a hearing is requested by a majority of the Local Board, the hearing shall be set within **20 day(s)**. The hearing procedures shall be determined by the Local Board. A final Local Board decision on the appeal shall be issued within **5 day(s)** after the hearing ends. The Local Board shall give written notice of its final decision to all parties.

6. Local Board's Decision. The Board's decision shall be final, and the Superintendent will take steps to implement the decision.

Principal Procedures for Exclusion

1. Step One: Any student excluded from a referring teacher's classroom shall be placed under the control of the school principal or his or her designee.
2. Step Two: The principal will review the referral from the teacher and determine whether the teacher followed his or her approved classroom management plan before excluding the student:
 - a. If not, the principal may return the student to the classroom and no further action is necessary.
 - b. If so, the principal will review the referral and determine whether allegations against the student include behavior that allows the referring teacher to exclude the student from the classroom under this policy.
 - i. If not, the student will be returned to the classroom. However, if the student engaged in behavior that otherwise violates the Code of Conduct, the principal may discipline the student.
 - ii. If so, the principal will determine whether the student engaged in the behavior and, if so, determine what disciplinary action is called for under the Student Code of Conduct.
 - c. If a student in grades six through twelve is excluded by the referring teacher for his or her disorderly conduct, interference with an orderly educational process, or obstruction of the teaching or learning process of others in the classroom, the student may not be readmitted to the referring teacher's classroom for at least the remainder of the school day. The principal must communicate with the referring teacher regarding the student before he or she may be readmitted to the classroom.
 - d. If a student is returned to the classroom after being excluded by the referring teacher, the principal or his or her designee must provide written

certification to the referring teacher that the student may be readmitted and the type of disciplinary action, if any, that was taken.

3. Step Three: Before returning a student to the classroom of the referring teacher, the principal will also review the records of the student to determine if the student has previously been properly excluded from the referring teacher's classroom.

a. If a student has been excluded from the classroom two times in one semester, the principal will determine whether all other reasonable means of classroom discipline have been exhausted:

i. If not, the principal will take steps to work with the referring teacher to implement additional classroom discipline measures to address the student's behavior.

ii. If so, the student may be readmitted to the classroom only after:

a) The principal, referring teacher, and, if possible, the student's parent or guardian have held a conference to discuss the student's disruptive behavior patterns;

d) The principal informs the teacher of any course of discipline for the student going forward; and

b) The student's parent or guardian has been informed of the course of discipline.

b. If a student's disruptive behavior persists following their readmittance to the classroom, upon the teacher's request, the principal shall mete out the maximum discipline provided for by the student code of conduct for the infraction, including, but not limited to, transfer to an alternative school that is approved by the Superintendent.

c. If during a 30-day period, a student in grades sixth through twelve is excluded or the remainder of the school day a total of three times, that student shall receive, as determined by the principal, in-school or out-of-school suspension or may be recommended for placement in an alternative school, if one is available within the school district.

Nothing in this policy shall be construed to infringe on any right provided to a student pursuant to the Individuals with Disabilities Education Act (IDEA), the Family Educational Rights and Privacy Act (FERPA), Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990, provided that student information related to this policy shall be included

as necessary into any and all Individualized Education Plans (IEPs), behavioral intervention plans, and other similar documents.

7.26 GOVERNMENTAL FUNDS

The following definitions will be used in reporting activity in governmental funds. The Crenshaw County Board of Education may or may not report all fund types in any given reporting period, based on actual circumstances and activity.

The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest, even if it is being accumulated for future years' payments. Debt Service Funds should be used to report resources if legally mandated.

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Fund balances will be reported in governmental funds under the following five categories using the definitions provided by GASB Statement No. 54:

Nonspendable fund balances include amounts that cannot be spent because they are either not in spendable form or (b) legally or contractually required to be maintained in-tact. Examples of nonspendable fund balance reserves for which fund balance shall not be available for financing general operating expenditures include: inventories, prepaid items, and long-term receivables.

Restricted fund balances consist of amounts that are subject to externally enforceable legal restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation. Examples of restricted fund balances include: restricted grants.

Committed fund balances consist of amounts that are subject to a purpose constraint imposed by formal action of the Board before the end of the fiscal year and that require the same level of formal action to remove the constraint.

Assigned fund balances consist of amounts that are intended to be used by the school system for specific purposes. The Board authorizes the Superintendent or Chief School Finance Officer to make a determination of the assigned amounts of fund balance. Such assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the constraint.

Unassigned fund balances include all spendable amounts not contained in the other classifications. This portion of the total fund balance in the general fund is available to finance operating expenditures.

When expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the Board to consider restricted amounts to have been reduced first. When an expenditure is incurred for the purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the policy of the Board that committed

amounts would be reduced first, followed by assigned amounts and then unassigned amounts.

The Crenshaw County Board of Education along with the Superintendent and Chief School Finance Officer will periodically review all restricted, committed, and assigned fund balances. The Chief School Finance Officer will prepare and submit an annual report of all restricted, committed and assigned funds for the Board of Education.

7.94 UNIFORM GUIDANCE FOR FEDERAL FUNDS

Cash Management for Federal Funds - Part 200

Part 200 contains requirements that school boards must have written policies to document certain procedures that will be followed for federal programs funds,

- I. The Crenshaw County Board of Education (Board) will minimize the time between the receipt of federal funds from the United State Treasury, the Alabama Department of Education, or other pass-through entity, and the disbursement of those federal funds. Disbursement will be made within twenty-five business days after receipt of funds.
- II. The Chief School Financial Officer will maintain financial records that account for the receipt, obligation, and expenditure of each federal program fund. Cash balances for each federal program fund and for the aggregate of all federal program funds will be monitored daily by the Chief School Financial Officer or designee.
- III. Board procedures to minimize the cash balances in federal program funds are expected to prevent the aggregate cash balances of federal program funds from earning \$500 or more for the fiscal year if maintained in interest-bearing accounts. The federal program funds, with the exception of Child Nutrition Program funds, will not be maintained in an interest-bearing bank account if the Chief School Financial Officer determines the banking requirement for minimum or average balances are so high that an interest-bearing account would not be feasible. Federal program funds will be maintained in insured checking accounts that are subject to the state requirement for public deposits under the SAFE program.

Determination of Allowable Costs

- I. Before instituting a financial transaction that will require the expenditure of federal funds the federal program director and the Chief School Financial Officer or designees will determine that the proposed transaction meets the requirements for allowable costs for the federal program. Actions to determine allowable costs will assure that:

 - b. The proposed expenditure is reasonable and necessary for the federal program;
 - c. The proposed expenditure is consistent with procedures for financial transactions of the Board including:

1. Purchase order approval procedures.
 2. Contract review and approval procedures.
 3. Applicable competitive purchasing procedures and,
 4. Documentation supports the allowability of the transaction.
- II. Before payments are made from federal funds the federal program director and the Chief School Financial Officer or designee will determine that the federal program expenditure complies with generally accepted accounting principles and complies with state, local, and federal laws, rules, and regulations.

Travel Policy

Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by Board employees who are in travel status on official business of the Board. The Board's travel policy provides reimbursement and payments for travel costs of employees paid from federal funds that is consistent with the travel costs for Board employees paid from state or local funds.

8.61 REMOTE ACCESS

Purpose

The purpose of this policy is to define standards for connecting to the Crenshaw County Board of Education network from any internet host. These standards are designed to minimize the potential exposure of the Crenshaw County Board of Education to damages which may result from unauthorized use of Crenshaw County Board of Education resources. Damages include the loss of sensitive or confidential data, intellectual property, damage to public image, or damage to critical Crenshaw County Board of Education internal systems, etc.

Scope

This policy applies to all Crenshaw County Board of Education employees, contractors, vendors, and agents where a computer workstation or network capable device is used to connect to the Crenshaw County Board of Education network. This policy applies to all remote access connections to the Crenshaw County Board of Education network including those remote access connections used to do work on behalf of the Crenshaw County Board of Education, including reading or sending email and viewing intranet web resources. Remote access implementations that are covered by this policy include, but are not limited to, dial-in modems, frame relay, ISDN, DSL, VPN, SSH, and capable modems, etc.

Policy

It is the responsibility of the Crenshaw County Board of Education employees, contractors, vendors and agents with remote access privileges to the Crenshaw County Board of Education corporate network to ensure that their remote access connection is given the same consideration as the user's on-site connection to the Crenshaw County Board of Education. General access to the Internet for recreational use by immediate household members through the Crenshaw County Board of Education Network on personal computers is not permitted. The Crenshaw County Board of Education employee is responsible to ensure that family members do not violate any Crenshaw County Board of Education policy, do not perform illegal activities, and do not use the network access for outside business interests. The Crenshaw County Board of Education employee bears responsibility for the consequences should the access be misused.

Requirements

Secure remote access must be strictly controlled. Control will be enforced via one-time password authentication or public/private keys with strong pass-phrases.

At no time should any Crenshaw County Board of Education employee provide their login password to anyone, not even family members.

Crenshaw County Board of Education employees and contractors with remote access privileges must ensure that their Crenshaw County Board of Education owned or their personal computer or workstation, which is remotely connected to the Crenshaw County Board of Education corporate network, is not connected to any other network at the same time, with the exception of personal networks that are under the complete control of the user.

Crenshaw County Board of Education employees and contractors with remote access privileges to the Crenshaw County Board of Education corporate network must not use non-Crenshaw County Board of Education email accounts (i.e., Hotmail, Yahoo, AOL), or any other external resources to conduct Crenshaw County Board of Education business, thereby ensuring that official business is never confused with personal business.

Reconfiguration of a home user's equipment for the purpose of split-tunneling or dual homing is not permitted at any time.

All hosts that are connected to the Crenshaw County Board of Education internal networks via remote access technologies must use anti-virus software available for their personal computers that has been recommended by the Crenshaw County Technology Operations Department.

Personal equipment that is used to connect to the Crenshaw County Board of Education corporate network must meet the requirements of the Crenshaw County Board of Education owned equipment for remote access.

Organizations or individuals who wish to implement non-standard remote access solutions to the Crenshaw County Board of Education production network must obtain prior approval from the Crenshaw County Technology Operations Department.

Enforcement

Any employee found to have violated this policy may be subject to disciplinary action, up to and including termination of employment.

Technical Support

Technical support for home users will not be supported after hours. Limited technical support will be provided for home users by the Technology Operations Department during established working hours but will not receive priority over school or government offices.

Release

Remote access users agree to be bound by this agreement unless written notification is provided to the Crenshaw County Board of Education, Human Resources Department. Non-acceptance of this agreement will deny access for home usage. Users of this agreement also accept to hold harmless agents of Crenshaw County Board of Education and agree to accept remote access "as is" with no warranty for server-ability or usage.

Term Definitions

Remote User – Individuals or Administrators with proper security credentials that access the Crenshaw County Board of Education network from remote locations via the Internet, using secure protocols (i.e. Home users)

Cable Modem – Cable companies such as AT&T Broadband provide Internet access over Cable TV coaxial cable. A cable modem accepts this coaxial cable and can receive data from the Internet at over Mbps. Cable is currently available only in certain areas.

Challenge Handshake Authentication Protocol (CHAP) – CHAP is an authentication method that uses a one-way hashing function. DLCID Data Link Connection Identifier (DLCI) is a unique number assigned to a Permanent Virtual Circuit (PVC) end point in a frame relay network and has local significance only to that channel. Dial-in Modem-A is peripheral device that connects computers to each other for sending communications via the telephone lines. The modem modulates the digital data of computers into analog signals to send over the telephone lines, then demodulates back into digital signals to be read by the computer on the other end; thus, the name "modem" for modulator/demodulator.

Dual Homing – Dual homing is having concurrent connectivity to more than one network from a computer or network device. Examples include: Being logged into the corporate network via a local

Ethernet connection, and dialing into AOL or another Internet service provider (ISP); being on a Crenshaw County Board of Education provided remote access home network, and connecting to another network, such as a spouse's remote access; configuring an ISDN router to dial into the Crenshaw County Board of Education

and an ISP, depending on packet destination.

Digital Subscriber Line (DSL) – DSL is a form of high-speed Internet access competing with cable modems. DSL works over standard phone lines and supports data speeds of over 2 Mbps downstream (to the user) and slower speeds upstream (to the Internet).

Frame Relay – Frame relay is A method of communication that incrementally can go from the speed of an ISDN to the speed of a T1 line. Frame relay has a flat-rate billing charge instead of a per time usage. Frame relay connects via the telephone company's network.

ISDN – There are two types of Integrated Services Digital Network or ISDN: BRI and PRI. BRI is used for home office remote access. BRI has two “Bearer” channels at 64kbit (aggregate 128kb) and 1 D channel for signaling info.

Remote Access – Remote access is any access to the Crenshaw County Board of Education corporate network through a non-Crenshaw County Board of Education controlled network, device, or medium. Split-tunneling is simultaneous direct remote access to a non-Crenshaw County Board of Education network (such as the Internet, or a home network) from a remote device (PC, PDA, WAP phone, etc.) while connected into the Crenshaw County Board of Education corporate network via a VPN tunnel.

Virtual Private Network (VPN) – VPN is a method for accessing a remote network via “tunneling” through the Internet 6.0 Revision History

The Crenshaw County School System shall develop and maintain an integrated information system for educational management. The Superintendent or designee shall ensure compatibility exists with the state information systems. Procedures and guidelines shall be developed to ensure that adequate management information support needs are met.

The Crenshaw County School System adheres to all aspects of the *Family Educational Rights and Privacy Act (FERPA)* as it implements programs and procedures for collecting, managing, storing, transmitting, using, securing, reporting, and destroying data and student information. Appropriate use of data is essential to accelerating student achievement, planning, and school system program effectiveness.

School system data collection, management, and reporting is implemented according to Alabama State Department of Education guidelines and in a manner designed to preserve and protect individual and collective privacy rights and to ensure confidentiality and security of collected data. Local school and system student data is transmitted daily to the Alabama State Department of education data management system from which state and federal reporting is completed. Each student is assigned a unique student identifier upon enrollment into the student management system to ensure compliance with the privacy rights of each student and his or her parents/guardians. No personally identifiable individual student data is shared in either state or federally required reporting.

Data collected by the school system is maintained within a secure infrastructure. Access to data is limited to pre-identified staff whose job responsibilities include required data collection, analysis, reporting, and management. Training in data security and student privacy laws is provided to these individuals on a regular basis to ensure compliance with school system policies and state and federal privacy laws.

8.80 RECORDS RETENTION AND DISPOSAL

The Crenshaw County Board of Education shall establish and maintain a system for the retention and destruction of school records consistent with legal requirements to minimize record storage requirements and permit the Superintendent to administer the affairs of the Crenshaw County School System more efficiently.

After complying with the provisions of laws and rules, the Superintendent is authorized at his/her discretion to destroy general correspondence and other records, papers, and documents, provided such records do not serve as an agreement or understanding or have value as permanent records. However, commodity records are to be maintained according to Child Nutrition Program guidelines, and records of milk, bread and juice are to be maintained permanently.

Document Preservation Plan and Litigation Hold for Electronic Records

The Board shall adopt a document preservation plan to ensure that when a lawsuit is filed or reasonably anticipated, it takes special precautions to prevent the loss of potentially relevant electronic data. Electronic data includes all forms of electronic communications and records such as email, word processing, calendars, voice messages, videos, photographs and other digital information.

When a lawsuit is filed or reasonably anticipated, a litigation hold shall be issued to appropriate individuals, which shall define and identify records to be preserved and direct that the records be preserved and how to do so. A person receiving a litigation hold has a duty to preserve all records, whether existing or later created, in the person's possession or scope of responsibility that are identified in the litigation hold, effective immediately. A litigation hold suspends any board or divisional policies or procedures that might call for the destruction of electronic records under the recipient's control and protects and preserves all electronic records in their original electronic form. The board's duty to preserve records shall continue until the litigation, or the threat of litigation that prompted the litigation hold has ended.

After a lawsuit is filed and when the board receives a request from an opposing party for production of electronic records, the board's counsel and the board will determine the best approach to take in order to efficiently produce a complete and accurate response.
